

Hello Sunshine

Jimmy Cliff

Hello sunshine
Will old darkness be my friend?
Hello sunshine
To this you can put an end
Hello sunshine
Why don't you please come around? Hey, there sunshine
Don't let me down
Hey, there sunshine
Please come around
Hey, there sunshine
My friend Hey hey hey, hey hey hey
Oh yeah, oh yeah
Hey hey hey, hey hey hey
Oh yeah, oh yeah Hello dark clouds
I don't want you 'round no more
Hello tear drops
Why don't you stay from my door?
Hello troubles
I can't stand your face for sure Hey, there sunshine
Don't let me down
Hey, there sunshine
Please come around
Hey, there sunshine
My friend Hey hey hey, hey hey hey
Oh yeah, oh yeah
Hey hey hey, hey hey hey
Oh yeah, oh yeah
Hey hey hey, hey hey hey
Oh yeah, oh yeah Hello sunshine
Will old darkness be my friend?
Hello sunshine
To this you can put an end
Hello sunshine
Why don't you please come around? Hey, there sunshine
Don't let me down
Hey, there sunshine
Please come around
Hey, there sunshine
My friend Hey hey hey, hey hey hey

Oh yeah, hello sunshine
Sunshine, I need you, hey hey hey
I've gotta have you, hello sunshine When I'm down now, hey hey hey
Said, I need you, hello sunshine
Please come around now, hey hey hey
Hello sunshine, hello sunshine
