What Other Man

Natalie Grant

I never feel You far away
When others leave I know You'll stay
I hear You speak inside my heart
It's then I'll know that we'll never part, noYou always give me everything
And Your love has never left my side
You've been there in my darkest night
You're my strength when I want to hideAnd what other man would give every thought he has?
Speak with love in what he says?
Lay down his all to set me free?
What other man would give his life for me?Only Your love for me will do
I've known the thrill of loving You
All of my dreams, I hold inside
I'll give them to You to realize, yeahYou always give me everything
And Your love has never left my side
You've been there in my darkest night
You're my strength when I want to hideAnd what other man would give every thought he has?
Speak with love in what he says?
Lay down his all to set me free?
What other man would give his life for me?You built me a wall
To keep me from harm
When life is cold
He'll keep me warm, oh, oh, yes
[Incomprehensible]And what other man and what other man
Would give every thought he has?
Speak with love in what he says?
Lay down his all to set me free?
What other man would give his life for me?Would give every thought he has?
Speak with love in what he says?
Lay down his all to set me free?
What other man would give his life for me?
