Neuroticfish

I can move you if you're blind

I am always at your side

You can run but I can hide

I am always at your side Ich habe keine eile / I am not in a hurry

Von hier fortzugehen / To leave this place

Ich warte eine weile / I am waiting for a moment

Um dir nachzusehen / Just to watch you going

Lass mich nicht vergessen / Don't let me lose this [memory]

Ich kann es nicht verstehen / I can't understand

Vielleicht soll meine reise hier zu ende gehen / Maybe my journey should end here I can move you if you're
blind

I am always at your side

You can run but I can hide

I am always at your side
