

# Kiss You This Christmas

## Why Don't We

Joyful, joyful, when you're near  
Shining like a star, my dear  
Winter wonderland is here  
All I need to bring me cheer  
Wrapped up in your presents  
Girl you know you keep me guessing  
But nothing's sweeter than the sight of you  
This Christmas  
It's cold outside  
But you melt my heart away  
It feels so right  
It's a perfect holiday  
Been waiting for this moment  
The whole year long  
So let me know, let me know  
Can I kiss you this Christmas?  
Glory, glory 'tis the season  
Show you how I feel, my dear  
Angels singing up in here  
All I need to bring me cheer  
Wrapped up in your presents  
Girl you know you keep me guessing  
But nothing's sweeter than the sight of you  
This Christmas  
It's cold outside  
But you melt my heart away  
It feels so right  
It's a perfect holiday  
Been waiting for this moment  
The whole year long  
So let me know, let me know  
Can I kiss you this Christmas?  
Oh yeah  
Can I kiss you this Christmas?  
Oh (ooh-ooh-ooh-ooh-ooh)  
So let me know, let me know  
Can I kiss you this Christmas?
