

Love Soon

John Mayer

I know you've been swarmed,
I read your complaint,
You're needing someone older.
And though I've been warned,
To live day by day,
There's something takin' over
Did you expect to kiss me one time,
While lookin' at me with the same eyes ever again?

So come on and say it!
So come on and say it!
It's time that we say it!

You can cross the line whenever you want to,
I'm calling it love soon.
Close your mind and waste sometime if you have to.
I'm calling it love soon
It's not about you now.
It's what we are

Your mother complains, that you need a man
You haven't mentioned me yet.
And all of your friends don't know who I am
I've been your best kept secret
I understand I wasn't part of the plan
A dollar short of it, and early
But I am your man.
So come on and face it
So come on and face it
It's time that we say it!

You can cross the line whenever you want to,
I'm calling it love soon.
Close your mind and waste sometime if you have to.
I'm calling it love soon
It's not about you now.
It's what we are
It's what we are

Let's bypass the bullshit

And move on because the minute hand
Moves faster than you think it does.
And by no fault of yours,
And by no fault of mine,
The bottom line is layin' in
The bed that we've been playin' in tonight
We've been playin' in tonight

I'm callin' it love soon
I'm callin' it love soon

You can cross the line whenever you want to,
I'm calling it love soon.
Close your mind and waste sometime if you have to.
I'm calling it love soon
It's not about you now.
It's what we are
It's what we are
