

# Red Light - Green Light

## Limp Bizkit

freak baby, freak freak baby (x2)  
red light, green light (x3)  
you ready to roll?  
tell me when you're ready to go (x2)  
I got the keys baby, put your mind at ease baby  
go playa, layin' the cheese baby  
I know you bitin', bitin' my steez baby  
but I came, came to please baby  
don't wait, lay the greeze baby  
don't flake, shake the knees baby  
your fella's mad at me baby, oh well, enemies baby  
who's braggin' they raggin' on me baby?  
who's breath is draggin' on me baby?  
who steps through all agony baby?  
who's checks are bigger than me baby?  
who thinks before it goes down baby?  
who rocks in every town baby?  
I don't know if it ain't me  
must be a clone on this microphone baby  
chorus  
red light, green light (x3)  
you ready to roll?  
tell me when you're ready to go (x2)  
(you know i'm down and ready to go)  
jump in the who ride, slide to the rhythm of  
snoop d.o. double g nigga from the dub  
I represent it to the fullest everywhere I go  
guaranteed to bust a ho, yeah i'm so original  
I don't have to, I told you from the get go  
I like to lay low with my niggas blowin' endo  
we like to drink, talk shit, and spit at bitches  
and that's the way we do it, sometimes we hittin' switches  
in the low-rider slidin' to the hood and back  
it's snoop dogg in the muthafuckin' cadillac  
they call it snoop deville for real  
I get the money and I never ever pop no pills  
I used to pop'em, i'm lyin' to these motherfuckers now  
I used to do all kind of shit when I was wild  
they used to call me lil' bow wow now i'm big bow wow

in this motherfucka bustin' a freestyle  
snoop dogg is in the place to see, do it with my nephew  
freddy d  
ooh wee, in the place to see  
snoop d.o. double g from the d.p.g.c.  
chorus  
freak baby, freak freak baby (x3)  
look who's talkin' it up baby  
one more chalkin' it up baby  
star maps stalkin' it up baby  
my dogs barkin' it up baby  
who'd a thought I'd be layin it down baby?  
who'd a thought I'd be turnin' your frown baby?  
never know about things these days baby  
'till your cell phone rings and it's me baby  
chorus  
---
