The man from Mars is hereMister from another planet I'm not here to stay
Now I'm here to do some songs and then I run away
You can never stop me than it's better you to say
Leave him the fuck alone, oh yeah
I'm here to do my work until my work is done
Then I'm gonna sail back in my ship towards the sun
Go into the planet where my people have some fun
Rom pa pa pom pom pom here I comeSo what you gonna do to stop the sunshine
What you gonna try to take what is mine

What you gonna say your waistin my time
The man from mars is here
What you gonna do I make a new song
What you gonna say the day is so long
When your gonna learn that I am the man
The man from Mars is herePomputu, the village is gone
