World Asleep

Feeder

Feel like me
Cut away my skin
The blood on the tap washes clean
The mirror I cracked curses meIf you're a little late
It's time to leave
Live another day now
I hear you screamSee, see what I can see (I will believe in you, you and me)
Cover me with angel's wings (I will believe in you, you'll see)
Breathe the air I breathe (I will believe in you, you and me)
Suffocate the world asleep (I will believe in you, you and me)Pain, in me
Watch as it feeds
Another day melts, I feel the heat
The honey I drink nurses meIf you're a little late
It's time to leave
Live another day now
I hear you screamSee, see what I can see (I will believe in you, you and me)
Cover me with angel's wings (I will believe in you, you'll see)
Breathe the air I breathe (I will believe in you, you and me)
Suffocate the world asleep (I will believe in you, you and me)Too late, drifting away
Too lateSee, see what I can see (I will believe in you, you and me)
Cover me with angel's wings (I will believe in you, you'll see)
Breathe the air I breathe (I will believe in you, you and me)
Suffocate the world asleep (I will believe in you, you and me)Just see, see what I can see (I will believe in you, you and me)
Cover me with angel's wings (I will believe in you, you and me)
Breathe the air I breathe (I will believe in you, you and me)
Suffocate the world asleep (I will believe in you, you and me)I will, I, I, I
I will, I, I, I
