

# So Willingly

Syleena Johnson

When I say I love you and you don't respond  
It's okay 'cuz I know your heart  
Friends they think I'm a fool for staying so true to you  
But that's alright 'cuz I will play that part Even though you never say you love me  
I know you're always thinking of me  
And people try to hate on you  
'Cuz they don't see you like I do It ain't about what you say  
'Cuz your actions speak everyday  
'Cuz, and knowing that you care for me  
'Cuz you give yourself so willingly And I know there will there'll be times  
You'll be too busy to take time out and cater to my needs  
But really that is cool 'cuz I'm never alone  
'Cuz you're with me even when you're gone Even though you never say you love me  
I know you're always thinking of me  
And people try to hate on you  
'Cuz they don't see you like I do It ain't about what you say  
'Cuz your actions speak everyday  
'Cuz, and knowing that you care for me  
'Cuz you give yourself so willingly Really you're so special to me  
Nothing is better than to be  
The part of my love that is so sweet  
So you don't have to say a word So when will I question your love for me  
Though living with you I'm so complete  
And you don't have to worry 'bout me  
'Cuz I'm not going nowhere, no Even though you never say you love me  
I know you're always thinking of me  
And people try to hate on you  
'Cuz they don't see you like I do It ain't about what you say  
'Cuz your actions speak everyday  
'Cuz, and knowing that you care for me  
'Cuz you give yourself so willingly Even though you never say you love me  
I know you're always thinking of me  
And people try to hate on you  
'Cuz they don't see you like I do It ain't about what you say  
'Cuz your actions speak everyday  
'Cuz, and knowing that you care for me  
'Cuz you give yourself so willingly
