

Suburban War

Arcade Fire

Let's go for a drive
See the town tonight
There's nothing to do but I'll unwind when I'm with you
This town's so strange
They built it to change
And while we sleep we know the streets get rearranged
With my old friends, it was so different then
Before your war against the suburbs began
Before it began
And now the music divides
Us into tribes
You grew your hair so I grew mine
They said the past won't rest
Until we jump the fence and leave it behind
And my old friends, I can remember when
You cut your hair
We never saw you again
Now the cities we live in
Could be distant stars
And I search for you
In every passing car

The night
