

# Answer Me

## Tiny Animals

If there are and mistakes in the lyrics please tell me. I just wrote them down by hearing the song and I'm german  
so I'm not sure if I'm right at every word :D

I'm gettin' tired of want to go to sleep  
forget the promises I must keep  
in a little bit I'm gonna fall down  
gonna explode gonna leave town  
it's not the same as when we last spoke  
and I played it off like just a big joke  
I need a headcheck I'm spinning around  
spinning around

You will leave and no one can get you  
at all , at all , at all

Answer me  
I promise I'll be brave  
would You miss me  
If I went away?  
If I went away?

I said  
Answer Me  
I promise I'll be brave  
would You miss me  
If I went away?  
If I went away?

Is it this great I got the compact  
Filled up with gas and got my atlas  
Hit the road and never turn back  
all alone and free at last  
I could have sworn it's all that I need  
[...] tracks inside of a [...] speed  
Gonna Search for Paradise  
Paradise

You will leave and no one gets you  
at all , at all , at all

Answer Me ,  
I promise I'll be brave  
would You miss me  
If I went away?  
If I went away?

I said  
Answer Me  
I promise I'll be brave  
would You miss me  
If I went away?  
If I went away?
