

200 Bars

Spiritualized

I've been abused and I've been used
I'm gonna lose my thoughts in 200 bars
You know I've tried but now I'm tired
I'm losing track of time in 200 bars I get confused, you know I'm used to it
I'm gonna lose my thoughts in 200 bars
I've had my fix, too much of this
I'm losing all my thoughts in 200 bars I'm losing track, out on my back
I'm gonna lose it all in 200 bars
Gonna get me blown, all on my own
I'm gonna lose my mind in 200 bars I'm gonna lose my thoughts in 200 bars
I'm losing track of time in 200 bars
