

End of the World

Dirty Heads

You're searching for a home
A place to lay your head
The sirens sing a song
That shakes you from your bed
You aren't rich you are
You are the sound I see
Back when your daddy sing
Girl, you've been everywhere
And you've done everything
I feel like I can't come back
I still go on you see

She ask me where I wanna go
I said end of the world with you
She said I feel like I'm home
At the end of the world with you

Every wake and more
You're calling out your name
The parts are never known
You shed your mystery

You're Alexandria
You are the fall of Rome
As long as I'm with you
You can feel home
Going everywhere
And move to everyplace
And now I can't come back
I still go on you see

She ask me where I wanna go
I said end of the world with you
She said I feel like I'm home
At the end of the world with you

She ask me where I wanna go
I said end of the world with you
She said I feel like I'm home

At the end of the world with you

When years have pass
And I have gone
Your memory will stay with me
You show me home
That I can see
To take you away to a life we see

She ask me where I wanna go
I said end of the world with you
She said I feel like I'm home
At the end of the world with you

She ask me where I wanna go
I said end of the world with you
She said I feel like I'm home
At the end of the world with you
