Necro

you fucking whore
your such a whore

suck on my cock until your tongue is to tired to lickim a sex legend fuckin you like i injected Ephedrine
pump your ass like a jackhammer connected to your rectum
nothings effecting my erection unless your in need of dexatrim
and your complexion is infected skin
i wanna hear confessions bitch obsessions
flesh, skin, questions, sexual suggestions
would you like some refreshments, some breath mints
cause im plannin on tonguing while molesting your intestines
you contain the essence of the profession
known as prostitution, my first impression is youll be execlent
your estrogen is like mescaline
if your not douchin, your twat smells like pollution of pestelin specimen
necro is smooth especially when makin a move
on you removin your clothes whether or not you approve
dont feel agression after the molesting
id have gwenyth pathrow eating alpo My deception is for fuckinghookyour exotic looking
your twat is hot like narcotics cooking
you should use your body for hookin
your pussys like a spot in brooklyn
new york is full of vagina predators
with fetishes for sluts with pedicures
your naked bitch smack your pussy lubricate it with spit
im rapin ya clit your makin faces like your takin a shit
sexual narsisist nibblin where your college is
suckin your pussy for juices like oranges
stenchin like the deceased in a morgue
the second i walked in the door
i could smell your pussy like a police dog
lets see how many dicks we can fit in mariah
rub her cunt fast, like cavemen rubbin sticks for fire
the plan is to shove you in the back of a van
bitches screamin with high pitches like a michael jackson fan
better yet like micheal himself
that fuckin faggot pedophile should get beaten to death with a spiked belthook
