

Soopermodel

Nadia Oh

Do the supermodel, do the supermodel
Do the supermodel, do the supermodel
Party on table tops and do the supermodel
I do the supermodel, I climb on top of
I get it popping, popping
We drinking from the bottles another one
And all the boys wanna see me swallow
We going in so hard for the dj
But blow your hands if you wanna see the replay
Brand new .in leather oho, leather oho, eco
Do the supermodel, do the supermodel
Do the supermodel, do the supermodel
Party on table tops and do the supermodel
Do the supermodel, do the supermodel
Do the supermodel, do the supermodel
Party on table tops and do the supermodel
Do the supermodel, do the supermodel
Party on table tops and do the supermodel
I do the supermodel, I do it everyday
So future fashion and the club is runway
We dancing table tops we make the party hot
I'm on my Louie space ship and my flip flops
We going in so hard for the dj
But blow your hands if you wanna see the replay
Brand new .in leather oho, leather oho, eco
Do the supermodel, do the supermodel
Do the supermodel, do the supermodel
Party on table tops and do the supermodel
Do the supermodel, do the supermodel
Do the supermodel, do the supermodel
Party on table tops and do the supermodel
Do the supermodel, do the supermodel
Party on table tops and do the supermodel.
