

Still Counting

â™ªâ™ª«Volbeatâ™ª«â™ª

Counting all the assholes in the room
Well I'm definitely not alone, well I'm not alone
You're a liar, you're a cheater, you're a fool
Well that's just like me yoohoo and I know you tooMr. Perfect don't exist my little friend
And I tell you that again, and I do it again
Counting all the assholes in the room
Well I'm definitely not alone, well I'm not aloneLook deep into yourself before you blame
all others for betrayal, now for betrayal
A promise, so easy to say, and easy you fail
and you do it againWell the music seemed to comfort
And the light went through the colors
Why not turn my back and go for
all the better things in orderWell maybe you think your lie is safe
But I read you like a letter, yeah like a letter
Your charm do not evens the pain
it fills me with rage, and you do it againWell the music seemed to comfort
And the light went through the colors
Why not turn my back and go for
all the better things in orderWell the music seemed to comfort
And the light went through the colors
Why not turn my back and go for
all the better things in orderAnd a gangster keeps on telling
That he got a song that matters
So I flip a coin towards him
Thank you very much for listening
