

Suicide's an Alternative/You'll Be Sorry

Suicidal Tendencies

Sick of people, no ones real
Sick of chicks, they're all bitches
Sick of you, you're too hip
Sick of life, it sucks
Suicide's an alternative
Sick of trying, what's the point
Sick of talking, no one listens
Sick of listening, it's all lies
Sick of thinking, just end up confused
Sick of moving, never get no where
Sick of myself, don't wanna live
Sick and tired, and no one cares
Sick of life, it sucks
Sick of politics, for the rich
Sick of power, only oppresses
Sick of government, full of tyrants
Sick of school, total brainwash
Sick of music, top 40 sucks
Sick of myself, don't wanna live
Sick and tired, and no one cares
Sick of life, it sucks
Suicide's an alternative
Sick of life, it sucks
Sick and tired, and no one cares
Sick of myself, don't wanna live
Sick of living, I'm gonna die
