

# Out Of Tune

## Hooverphonic

Overwhelming as they are  
Breedin' hope by counting stars  
Merge the bitterness, the pain  
Which I'm sure you can explain again  
One gets hurt when she feels small  
She's longing for some peace  
Being the center of it all  
Slow attack but fast release  
Hear the difference in vain  
Out of tune but just not quite the same  
Overwhelming as they are  
With their mystifying glow  
Breedin' hope by counting stars  
As they hunger for the show  
Hear the difference in vain  
Out of tune but just not quite the same
