Drive Me Wild

Los Creepers

Ooh, look at me, I'm a Cadillac
I'm a brand new convertible child
I've never been driven, baby, you're the first
Come on baby, drive me wild, oohOoh, look at me, I'm a telephone
Whatever you want just dial
Come on baby, please, it's so easy
Do it baby, drive me wildCome on baby, do it, drive me wild
Do it baby, drive me wildOoh, look at me, I'm a radio
Call me up and make a request
If you want anything, just name it
When I'm bad baby, I'm the bestOoh, look at me, I'm a baby doll
Stick me up and I'll smile
Come on baby, please it's so easy
Do it baby, drive me wild
