Come On

Moloko

Is this me, breakin' free
Or just breakin; down?
Ha, ha, a comic vision
Don't you feel proud?
It's such a how do, you do
Well, this is not the done thing
Dance for me, baby, let's begin the beguin
Ha, ha, ha, ha, ha
Do you remember the way we danced?
I wish I could forget it
Said I'd give you the one last chance
I wish I'd never said it
Took a chance and I can't turn back
And I'm living to regret it
Come on, come on to me
Can't slow down, you dictate
The speed of the chase
Bitter sweet bitter's
The way that you taste
I won't waste this, passion, it's true
I'm an everyday fool
No rhyme or reason to the things that I do
Ha, ha, ha, ha, ha
Do you remember the way we danced?
I wish I could forget it
Said I'd give you the one last chance
I wish I'd never said it
Took a chance and I can't turn back
And I'm livin' to regret it
Come on, come on to me
Feed me all your lies
Yes, it's a gas
A word to the wise
You're blindingly obvious lately
Doctor, cure me
Somebody take away this
Seed of the devil in the core of his kiss
Ha, ha, ha, ha, ha
Do you remember the way we danced?

I wish I could forget it
Said I'd give you the one last chance
I wish I'd never said it
Took a chance and I can't turn back
And I'm living to regret it
Come on, come on to me
And some things got built in
Their own punishment
The repercussions will sure enough be felt
Ha, ha, ha, ha, ha
That which does not kill
Will make you stronger
No longer in these eyes, it's denial
No long or short goodbyes
Baby, you came close, baby, come closer
And come on to me
Baby, you came close, baby, come closer
Come on to me
Baby, come closer, baby, come closer
Baby, come closer, baby, come closer
Baby, come closer, baby, come closer
Baby, come closer, baby, come closer
Do you remember the way we danced
I wish I could forget it
Said I'd give you the one last chance
I wish I'd never said it
Took a chance and I can't turn back
And I'm living to regret it
Come on, come on to me
No one's stopping you
We should've stopped at the start, at the start
Should have parted, do it finish me off
Ha, ha, ha, ha, ha
If it's the end, then let me play the last tune
Begin the beguin
And play the notes of my doom
Ha, ha, ha, ha, ha
Again
