

Private Revolution

K's Choice

I never saw it coming
Nobody ever told me
Like a brick, it fell on me
And now you want me to be bigger
Bigger than I can be
If I knew how to be better. do you think I would be
I've got a message for the underlying truth
All my life, I will be looking for you
The way is never in the execution
Or doing it right
It's knowing every single day if you should fight or flee
And this is not my provate revolution
I don't need you to change
Sometimes I'm just not okay
I've got a message for the underlying truth
All my life
I've got a message for the underlying truth
All my life
I will be looking for you
I've got a message for the underlying truth
All my life
I've got a message for the underlying truth
All my life
I will be looking for you
