

# Breakdown

## The Alan Parsons Project

I breakdown in the middle and lose my thread  
No one can understand a word that I say  
When I breakdown just a little and lose my head  
Nothing I try to do can work the same way Any time it happened, I'd get over it  
With a little help from all my best friends  
Anybody else could see what's wrong with me  
But they walk away and just pretend When I breakdown I breakdown in the middle and lose my thread  
No one can understand a word that I say  
When I breakdown just a little and lose my head  
Nothing I try to do can work the same way Where are all the friends who used to talk to me?  
All they ever told me was good news  
People that I've never seen are kind to me  
Is it any wonder I'm confused? When I breakdown  
When I breakdown (Freedom, freedom, we will not obey)  
(Freedom, freedom, take the wall away)  
Take the wall away  
(Freedom, freedom, we will not obey)  
(Freedom, freedom, take the wall away)  
Where are all my friends?  
I'm so confused  
Take the wall away  
(Freedom, freedom)  
Take the wall away  
(Freedom, freedom)  
Will somebody help me?
