

Part-Time Hooker

Betty Blowtorch

One day while sitting at her desk
Wondering how she'd get through this mess
Young and free and quite a looker
That's when she decided... Part-time hooker Part-time hooker, Part-time hooker
Part-time hooker, Part-time hooker What blonde girls want, blonde girls get
She could make herself the owner's pet
A middle-aged man with a lot of dough
No need to work... just blow, girl, blow! Part-time hooker, Part-time hooker
Part-time hooker, Part-time hooker Show her London and show her France
And she'll show you more than her underpants
The owner's wife she'll never be
But she's living the life of luxury Part-time Hooker
