

# Damned by the Past

## Ebony Ark

You've been waiting for the time  
Gave my life for the reason whyNow I'm burning in, the shores of my stills  
Trying to figure out  
...(Figure out...)...Out what you left inside the time  
Looking at your eyes tryingTo scape from what's on your mind  
Scape from the same scene  
Run from ghosts  
Hate surrounding me  
Seeking for the way to save thisTHEY CALL ME NOW I SURRENDER  
THEY'VE DAMNED ME THERE'S NO TIME FOR ME  
THAY CALL ME I KNUCLE UNDER  
STILL I'M IN TRANCE  
PRAYING ON MY KNEESYou thought you were above us  
Now I'm dying by your bloody handsWill you forgive me?  
Forgive all my sins?  
Tried to figure out  
...(Figure out...)...Out what you left inside the time  
Knowing that you are now trying...
