All These Boys

Jasmine Villegas

uh...uh...uh...uh..uh
All of these boys are standing in a line
so many boys keep on begging for my time
All of these I just can't make up my mind
Everywhere I go sombody's tryin to be my boyfriend
Yeah he says loves me,but then he dont
always talkin about what he gonna do
but then he won't
just keep tellin me he's too busy to take me out
can somebody come and tell me what's that all about?
Just because he loves me,how I know?
cuz,I'm the screensaver on his phone.
Ain't no other like me,already know
but, they never met a girl like me before.
All of these boys are standing in a line
so many boys keep on begging for my time
All of these I just can't make up my mind
Everywhere I go sombody's tryin to be my boyfriend
All of these boys are standing in a line
so many boys keep on begging for my time
All of these I just can't make up my mind
Show me what you're talkin about maybe we can walk it out.
got so many choices
Who's it gonna be?
Who can handle me with a heavy hitter like me
I go,go
And if your up for the challange let me know,know
(I want the best for my team)
Calling all fellas!
Who can do it better?
We can go hard at the end and never let up

Who can show me that they're really down for me?
Lace them boots up and knock em out in the ring
All of these boys are standing in a line

so many boys keep on begging for my time
All of these I just can't make up my mind
Everywhere I go sombody's tryin to be my boyfriend

All of these boys are standing in a line
so many boys keep on begging for my time
All of these I just can't make up my mind
Show what your talkin about maybe we can walk it out.
I got them all in a row,all the boys wanna know
Turn your swagger up if u wanna be my boyfriend
you can wait your whole life for a girl like me or
you can have me now
if you give me what i need
I got them all in a row,all the boys wanna know
Turn your swagger up if u wanna be my boyfriend
you can wait your whole life for a girl like me or
you can have me now
if you give me what i need
Callin all fellas!Who can do it better?
Callin all fellas!Who can do it better?
Callin all fellas!Who can do it better?
We can go harder in the end and never let up
Who can show me that they're really down for me?
Lace them boots up and knock em out in the ring
All of these boys are standing in a line
so many boys keep on begging for my time
All of these I just can't make up my mind
Everywhere I go sombody's tryin to be my boyfriend
All of these boys are standing in a line
so many boys keep on begging for my time
All of these I just can't make up my mind
Show what your talkin about maybe we can walk it out.
