

# Tell Me Why (Astralasia Mix)

## Berlin

You told me stay away  
You watched me walk away You told me stay away away  
I can hear the silence  
I can hear the silence  
You watched me walk away away  
I can hear the silence  
I can hear the silence There's a reason for your sad eyes  
There's a reason for your sad life  
There's a reason you blame it all on me  
Tell me why it's over  
I'm lost again  
Tell me why I'm laughing  
Through the end  
Tell me why it's over  
Tell me true  
Tell me why I'm crying  
Over you I waited hoping you would phone  
I can hear the silence  
I can hear the silence  
And now I'm waiting all alone  
I can hear the silence  
I can hear the silence  
I'm missing your sad eyes  
I'm missing your sad smile  
I'm missing the only love I've known
