

Moment of Tranquility

Apoptygma Berzerk

(Stephan Groth/Jonas Groth)I turn around to talk
I face your eyes
Pride replaces fright
To my surprise...
I feel as I'm falling, and I see
Your soul in your eyes
As I die...I try to stand tall
You roll your eyes
You feel the same way I do
To my surprise...
I feel as we're drowning in the deepest sea
You die, you're gone just like meHer eyes are starring at me
Empty as the sky
In this moment of tranquility
I realize
This is goodbye...
