

# I Pray (Acoustic)

## Eye Empire

Blackend Spirit unworthy  
No compassion within  
the Devil catches a glimpse  
of an unfortunate soul  
let the games begin  
You don't get what you want  
You just get what you need  
from me  
Today I Pray  
Yeah Father I Pray  
Please Save me  
From My Yesterday  
Afraid  
I Pray  
Yeah Father I Pray  
Please Save Me  
From My Yesterday  
Raging Fire Consumes me  
Melting Flesh to the bone  
The Devil gives me a grin  
He Strokes the hair on his chin  
takes a seat on his throne
