

# All I Want Is You

Betty Harris

All I want is you (wait a minute)  
You know it feels so right (wait a minute)  
My love will last forever  
I want more more more All I want is you (wait a minute)  
You know it feels so right (wait a minute)  
My love will last forever  
I want more more more  
More and more and more Do it all for me  
don't you let it be  
I would give up my whole world just for you  
I guess I'm just a fool Say you'll always care  
Say you're really there  
Say you'll give up your whole world just for me  
I love you can't you see All I want is you (wait a minute)  
You know it feels so right (wait a minute)  
My love will last forever  
I want more more more All I want is you (wait a minute)  
You know it feels so right (wait a minute)  
My love will last forever  
I want more more more  
More and more and more Now you really know  
Yeah I told you so  
I would give up my whole world just for you  
Now you say that's pretty cool Will it always be?  
Always you and me  
Would you be my sun up in the sky?  
Baby you can get my high All I want is you (wait a minute)  
You know it feels so right (wait a minute)  
My love will last forever  
I want more more more All I want is you (wait a minute)  
You know it feels so right (wait a minute)  
My love will last forever  
I want more more more  
More and more and more All I want is you!
