Babymaking

Dutch Uncles

Could you be more sure about it?
Like I fell from the sky
But did I break the...
Cause I come on and show devotion
Cause you want my baby baby
My baby knows
But you need my baby baby
Cause you want my baby baby
It's alright if you know
But you need my baby making
My baby knows
You got the life
You got the right side
You got me here tonight coming on
Dont get it up till I'm gone
Cause you want my baby baby
My little baby knows
Dont't you need my baby baby
My baby dont know
Cause you want my baby baby
It's alright if you know
But you need my babymaking
My baby knowsDo you think you want this
Are you sad girl
But didn't look out before to make you want it
You're so defenseless and I know this
But if you be more sure about it
Cause you want my baby baby
My little baby knows
But you need my baby babyCause you need my baby making
My baby don't knowMy baby knows.
