

The Vowel Family

They Might Be Giants

A I Y, O E U

We're the vowel family, and we've come to sing for you Vowels are important letters, there's a vowel in every word

Vowels are important letters, there's a vowel in every word

Ask someone older to show you, there's a vowel in each word

Vowels are important letters, there's a vowel in every word A I Y, O E U

We're the vowel family and we're back to sing some more A is an important letter, well I is important too

Y is an important letter, well O is important too

E is an important letter, U is an important letter Vowels are important letters, there's a vowel in every word

Ask someone older to show you, there's a vowel in each word

Vowels are important letters, yes, vowels are in every word
