Pussy Power

King Hammond

An evil shadow across my brain
A certain burning that makes me insane
She's on my beam, oh no, she's in my room
She's all around me now and I'm a tool
Pussy power
Pussy power
Pussy power
Pussy power
She wears a raincoat in the sun all day
She says she wants to have some fun, well, hey
She calls me over on the sidewalk
She's got a joint, she's got a cute walk
Pussy power
Pussy power
Pussy power
Pussy power
Pussy power, hour by hour
Pussy power, oh, what a flower
I want to hold her close to me
'Cause pussy power's pulling me
Down
Down
Down
Down
When it's there and I can't have it
I get real real rabid
I've got to figure out a way
I'm so pent-up, like this I can't stay
I've got to look this in the eye
I'm much too crazed, I'm much too shy
But all in all, at least I am I
Oh my, oh my, oh my, oh my
Pussy power
Pussy power
Pussy power
Pussy power
