

F.O.D.

Absolutist

Something's on my mind
It's been for quite some time
This time I'm on to you

So where's the other face
The face I heard before
Your head trip's boring me

Let's nuke the bridge we torched 2,000 times before
This time we'll blast it all to hell

I've had this burning in my gut now for so long
My belly's aching now to say

Stuck down in a rut
Of dislogic and smut
A side of you well hid

When it's all said and done
It's real and it's been fun
But was it all real fun?

Let's nuke the bridge we torched 2,000 times before
This time we'll blast it all to hell

I've had this burning in my guts now for so long
My belly's aching now to say

To say
Your just
A fuck
I can't explain it 'cause I think you suck

I'm taking pride
In telling you to fuck off and die

I've had this burning in my guts now for so long
My belly's aching now to say

I'm taking pleasure in announcing this to you

So listen up 'cause you might miss

Your just

A fuck

I can't explain it 'cause I think you suck

I'm taking pride

In telling you to fuck off and die

Good night

I was alone

I was all by myself

No one was looking

I was thinking of you

Oh yeah did I mention

I was all by myself

All by myself

All by myself

All by myself

I went to your house

But no one was there

I went in your room

I was all by myself

I remember we had

Such wonderful times

When I'm all by myself

All by myself
