

# Second to None

## Annihilator

Hello, are you looking for me?  
I'm the one to ease your pain  
Just call me 'The Doctor'  
And I prescribe cocaine I am your reason to live  
I'm your church and I'm your pastor  
C'mon, you've got nothin' to lose  
It's time to bring you up a little faster It's time to kill let's have some fun  
You'll fight but I'll win, 'cause I'm second to none It's not the first time  
That you've taken the bait  
You don't need anyone  
'Cause I will be your soul mate C'mon and taste me  
I'll take you where you want to go  
Let's fly to the mountains  
You can bury yourself in the snow It's time to kill let's have some fun  
You'll fight but I'll win, 'cause I'm second to none  
You need me and I want you 'cause I'm the Devil's son  
You'll fight but I'll win, 'cause I'm second to none Welcome to my world  
I hope you see there's no way out  
Just look around you  
I'll take you higher so just scream, scream it out I am your reason to live  
I'm the power that runs in the veins  
You can bet your ass, I'll take you down  
But you've only yourself to blame It's time to kill let's have some fun  
You'll fight but I'll win, 'cause I'm second to none  
You need me and I want you 'cause I'm the Devil's son  
You'll fight but I'll win, 'cause I'm second to none  
Oh, sec-sec-second to none  
Sec-sec-second to none
