Late

Kanye West

I'll be late for that, baby, I'll wait for that
If you had a taste of that, you'd probably pay for that
I'm comin' in when I feel like
To turn this muh'fucker up only if it feels right
I'll be late for that, I can't wait for that
I think I was made for that
So I'm comin' in when I feel like
To turn this muh'fucker up only if it feels right
Stop all your blood cleat cryin', I was flyin'
Made it to school with barely 'nuff time to sign in
Yeah, I hear the alarm, yeah, I hear you mom
Yeah, yeah, I don't wan' be broke when I'm thirty-one
They said the best classes go to the fastest
Sorry Mr. West there's no good classes and that's what yo' ass get
Not even electives? Not even prerequits?
You mean I missed my major by a couple of seconds?
Now I'm in the shop class or the basket weavin'
With all the rest of the muh'fuckers underachievin'
Man, this is a insult
I went to junior high with all of them and they been slow
If I can catch the beat then slow down the tempo
Just notice at the end if I'm too late for the intro
Will I make it from the student loans to a Benz-O?
Like old folks pissin', I guess it all, oh, oh
(Depends)
Stop, you're cryin', baby
I'll be late for that, baby, I'll wait for that
If you had a taste of that, you'd probably pay for that
I'm comin' in when I feel like
To turn this muh'fucker up only if it feels right
I'll be late for that, I can't wait for that
I think I was made for that
So I'm comin' in when I feel like
To turn this muh'fucker up only if it feels right
You know when you be late you miss all the lights
That's right, that's right
(That's right, that's right)
And when you get back she gon' start up a fight
That night, that night

(That night)
Baby, it's too late for that, lately I've been takin' it slow
Try and make it to the party 'fore the guest list close
With the freshest hoes, the professors know
We about to get real unprofessional
Like them Eskimos, what would you do for a Klondike?
Or two dykes that look Christina Milian like
Hmm, I'll be on time for that
I ain't thought of no line that could rhyme with that
Yo, I'll be there in five minutes, five hours later
I'll be there in five minutes, go 'head ride with it
I'm so live with it, look how I did it
Been bullshittin' but I finally arrived with it
I know it's late and I took all year
But you can stop complainin', 'cause I'm finally here, yeah
I'll be late for that, I'll be late for that
I'll be late for that, I'll be late for that
