

Looking at You

Uriah Heep

Take a look at yourself
You're a little bit wild
You might sing of freedom
But you never smile You set your sights on a dream
No shadow of a doubt
You're a lady of power
And you kicked me out I'm only looking at you
I know what's true
The scars your words have put upon me
Broke me in two It's a state of mind
As you lose control
If you change your tune
Then you can change your soul
I wonder why you lied
Was it something I said?
Or the stories I heard
From the lies you've spread? I'm only looking at you
I know what's true
The scars your words have put upon me
Broke me in two When you think it's over
And the words are clearly written
Nothing is forgotten
And nothing is forgiven Take a look at yourself
You're gonna come undone
With the truth wide open
You're gonna be on the run
I'm only looking at you
I know what's true
The scars your words have put upon me
Broke me in two I'm only looking at you
I'm only looking at you When you think it's over
And the words are clearly written
When you think it's over
When you think it's over
