

# Destination You!

## Shuggie Otis

This is a new one  
And I talk about you. I like to have a chance  
How about something new? I wanna just find myself singing,  
Maybe it's just a mistake,  
But I don't care no more,  
It's something that I've got to shake, yeah Oh, you're all dressed up,  
You say it's time to give.  
Oh girl you crack me up,  
When you start to think in ?  
? for your preaches. Please don't you spread no news,  
Make it have to catch my check,  
I'm always ready to move. My time is ? for heck, oh no,  
Get down for all the universe. oh, You!  
You, Destination! Gotcha strong, watcha wrong (?)  
I'm the one girl, yeah  
You're on my mind,  
Now I got time. oh, Destination you!  
oh yeah! Come around!  
Get down!  
Stronger! Think i'll be alright  
If you just keep tight, girl
