

Sitting Up On Our Crane

Pond

Sitting up on our crane.
It always feels the same when we're up high,
'Cause I feel like I'll fall and die.
And I can't say goodbye to my friends,
'Cause they're havin' a real good time. Gettin' on another plane.
It always feels the same when we're up high,
'Cause I feel like we'll crash and die.
And I can't say goodbye to my love,
She's been sleepin' the whole flight. And you know,
It's gonna getcha feelin' like your gonna die.
Just try to tell yourself, you know it's gonna be fine,
And pass your spirit towards the ground. Sitting up on our crane.
It always feels the same when we're up high,
'Cause I feel like I'll fall and die.
And I can't say goodbye to my friends,
'Cause they're havin' a real good time. And you know,
It's gonna getcha feelin' like your gonna die.
Just try to tell yourself, you know it's gonna be fine,
And pass your spirit towards the ground. Oh,
It's gonna getcha feelin' like your gonna die.
Just try to tell yourself, you know it's gonna be fine,
And pass your spirit towards the ground. All I wanna do is get drunk and listen to Dennis...Wilson.
'Cause he's the man, oh yeah-yeah-yeah
'Cause he's the man, yeah-yeah
