Roses

Tonic

If you want to be my best friend, then show it If you want to live inside me, don't blow it I don't want to stand in line I don't wanna waste my time I just wanna be in love And I wanna be around when you come down I just wanted you to know The roses, the roses always grow If you want to hear I love you, then say it If you want to hear I need you, then prove it I don't want to stand in line I don't wanna waste my time I just wanna be in love And I wanna be around when you come down I just wanted you to know The roses, the roses always grow Do you think it would last forever baby? Do you think it would drag you on? And all I wanna be around when you come down I just wanted you to know The roses, the roses always And I just wanna be with you, not alone I just wanted you to know The roses, the roses always grow
