My Innocence

[Lindsay Lohan](#)

I was born a fighter
I was born on a rainy day
I've had my share of pain
But you've missed most of that
So many other things you had to do
You looked after youDo you remember what you did?
Do you know just what you've missed?
And do you care about that word I have to say?You took my innocence away
And never had a chance to
You broke me in with your mistakes
And thanks for the breakthroughBut you won't bring me down
I always am around
You took my innocence away
But the best of me stayedIt could be your blood
Runnin' through all my veins
That ties me to your fame
If I could just close my eyes
I'd blackout all the reasons why
Were still in this placeWhat you want is what you got
You should've dragged to make it stop
I guess you couldn't find a way to let me earnYou took my innocence away
And never had a chance to
You broke me in with your mistakes
Well, thanks for the breakthroughBut you won't bring me down
I always am around
You took my innocence away
But the best of me stayedLoneliness has filled my sole
And it creeps inside, it takes control
And I don't know how to begin
Givin' up on everythingMy innocence
You took my innocence away
You took my innocence away
And never had a chance to
You broke me in with your mistakesWell, thanks for the breakthrough
But you won't bring me down
I always am around
You took my innocence away
But the best of me stayedBut the best of me stayed
But the best of me stayed

Oh, but the best of me stayed
