

# Did You Ever

## That Dog

Did you ever  
Climb to the top of a tree  
Fall down  
And carve initials in for me to see?  
Did you ever?  
Did you want to?Did you ever  
Climb to the top of the tree  
Fall down  
And carve initials in for me to see?  
Did you ever?  
Did you want to?Did you ever  
Fall in love with a small girl  
(Fall in love)  
All she wanted was a baby  
And maybe both meant it?  
Did you ever?He said, here's what I'll do  
I'll split myself in two  
And that way, you can be with me  
And I can learn to be with you, yeah  
(Iii)Did you ever  
(Iii)  
Pinch her cheeks and call her fun  
She was sweet  
And spicey and spoiled really young?  
Did you ever?  
Did you want to?He said, here's what I'll do  
I'll split myself in two  
And that way, you can be with me  
And I can learn to be with you  
(Iii)  
I can learn to be with you  
I can learn to be with you  
(Iii)  
I can learn to be with you, yeahAhh  
Ahh  
Did you ever?  
Did you ever?  
Did you want to?
