E Dagger

Lagwagon

Advisory - the following lyrics contain explicit language:

Come on e; try to go easy we can do anything [repeat] come on e; we got it covered we can stop anytime [repeat] come on e; it's just a party let's go to party town then we can party down come on e; check out my funny hat my name is randal I wrote you this song can't you see that all we need is one night to release? it's bound to be the last in all of it's glory come on e; raise your glass to the sky drink to the song that plays, olden days, whatever I just want to get randical don't be a bummer look at this summer day. the sun is rising once again. yeah! can't we have just one night without all this self-destruction? I just love my husband. I can't live without him come on e; we're goin easy it 's just a party time to get gnarly come on e; try to go easy my name is randal it's nice to meet you we are always here to make you laugh
