

Man-Size

[PJ Harvey](#)

I'm coming up man-sized, skinned alive
I want to fit, I've got to get
Man-sized, I'm headin' on
Handsome, got my leather boots onGot my girl and she's a 'Wow'
I cast my iron knickers down
Man-sized, no need to shout
Can you hear, can you hear me now?
I'm man-size, man-sizeI'll measure time, I'll measure height
I'll calculate my birthright
Good Lord I'm big, I'm headin' on
Man-size got my leather boots onGot my girl and she's a 'Wow'
I cast my iron knickers down
Man-sized, no need to shout
Can you hear, can you hear me now?My babe looking cool and neat
I'm pretty sure good enough to eat
I'm man-sized, no need to shout
Let it all, let it all hang out, I'mMan-size, man-size
Man-size, man-size
Man-size, man-size
Man-size, man-sizeSilence my lady head
Get girl out of my head
Douse hair with gasoline
Set it light and set it freeSilence my lady head
Get girl out of my head
Douse hair with gasoline
Set it light and set it free
