

Love Don't Love You

En Vogue

Love don't love you, love don't care
Love don't love you, love don't care You said you'd always be there, you said you'd always care
You always comfort me
You used to share things with me you used to have time for me
Now it all seemed to end I can't control my fears neither hold back tears
Knowing that something's wrong, yeah
More that I fight with you more I realize
It takes more than love to satisfy my life Love don't love you, love don't care
Love don't love you, love don't care I thought I never would see the day that you and me
Could not communicate
It came to my surprise the only reason why
We misused the four letter word I should have known the signs instead I was blind
Ignoring what people would say
When will I ever learn can't blame it all on one word
Some words can seem more brutal than kind Love don't love you, love don't care
Love don't love you, love don't care You see it takes a fool to learn that love don't love nobody
But I've learned that love don't love me and it sure can't love you
So what are you gonna do
Don't just say you love me you've got to show me that you
So where do we go from here you tell me You've got to show me that you love me show me that you care
I need to know that you will always be there, be there
I'm gonna be there for you
Love don't love no one and it sure don't care
Love don't love nobody, you should take my advice
Show me that you love me show me that you care, baby Love don't love you, love don't care
Love don't love you, love don't care
Love don't love you, love don't care
