Clone Me

Miss Kittin

Clone me maybe
Anyway it wont be me
If my minds you can connect
With myself I will debateCall me double-triple
Copies now are legal
Look at me myself and I
My world is mine so multiplySee me in a chain reaction
Caro's new world domination
I'll never be left alone
As the mother of my ownHere me I am talking to ourselves
Everybody knows my name
Hello Kittin you came to play
Hello Kittin you look strange todayHere me I am talking to ourselves
Everybody knows my name
Hello Kittin you came to play
Hello Kittin you look strange todayClone me maybe
Anyway it wont be me
If my minds you can connect
With myself I will debateCall me double-triple
Copies now are legal
Look at me myself and I
My world is mine so multiply
