Still Amazed

Same Difference

Now we are here at the end of the road
I guess that it's time to just let it go
We could have tried this
We could have tried that
We could try to resist
But there's no turning backI guess we grew apart
Neither one of us to blame
Nothing ever stays the same[CHORUS]
I'm still amazed
By the memories
That can't be erased
By the sunshine the happy days
When I look into your eyes
It all comes back to me
Keep thinking about the way it used to beYou always taught me
Right from Wrong
To celebrate love in every song
The ups and the downs
The ins and the outs
To be sure of our love
Without a doubtI guess we grew apart
Neither one of us to blame
Nothing ever stays the same[CHORUS]
I'm still amazed
By the memories
That can't be erased
By the sunshine the happy days
When I look into your eyes
It all comes back to me
Keep thinking about the way it used to beHow can I forget
The things we used to do
In a way I'll always love you[CHORUS x2]
