

Gypsy

Imelda May

No matter where I go my love
We'll never be apart
You're dear to me and will always be
forever in my heart.
Oh, you are the weight to me
The tail to my kite
Let me drift high as I can see
but never out of sight Like a gypsy, just a Roma Gypsy
Travelin' is what I do
It's a cowgirl's dream
but no matter where I've been
I've never met anyone like you You hold me tight but never doubt
You let me wander free
But at dead of night by your side
is the only home for me oh, Buses and trains, slow to desert plains
take me far away
But a horse who knows where the battle goes
Never longs to stray
Like a gypsy, just a Roma Gypsy
Travelin' is what I do
It's a cowgirl's dream
but no matter where I've been
I've never met anyone like you Like a gypsy, just a Roma Gypsy
Travelin' is what I do
It's a cowgirl's dream
but no matter where I've been
I've never met anyone like you Doo... doo... ooo...
