Down Upon

Mar Haze

There are so many things going on inside my head.
I cant go outside cuz I â€˜m afraid to get out of bed.
The mistakes Iâ€™ve made I will not replay.
And the choices we take will either make or break us
Make or break us

Donâ€™t look down cus its to far to the ground.
Turn around before you far down
Why donâ€™t we take this road and travel on back in time
Come on girl donâ€™t you know we gonna gather all these thoughts in mind.

Dive into the deep as soon as we wake
Make sure we have what it is that we need to take
The mistakes Iâ€™ve made I will not replay.
And the choices we take will either make or break us
Make or break us.

Donâ€™t look down cus its to far to the ground.
Turn around before you far down
Why donâ€™t we take this road and travel on back in time
Come on girl donâ€™t you know we gonna gather all these thoughts in mind.

Donâ€™t look down cus its to far to the ground.
Turn around before you far down
Donâ€™t look down
Donâ€™t look down
Donâ€™t look down
Donâ€™t look down
