

# The Four Horsemen

## Far Cry from Innocence

And when the lamb opened the  
first seal,  
I saw the first Horse.

The Horseman held a bow  
Now when the lamb opened the  
second seal,

I saw the second Horse

The Horseman held his sword  
The leading horse is white

the second horse is red  
the third one is a black,

the last one is a green  
The leading horse is white  
the second horse is red  
the third one is a black,  
the last one is a green

And when the lamb opened the  
third seal,

I saw the third Horse.

The Horseman had a balance

Now when the lamb opened the fourth seal,  
I saw the fourth Horse.

The Horseman was the Pest  
The leading horse is white

the second horse is red  
the third one is a black,

the last one is a green  
The leading horse is white  
the second horse is red  
the third one is a black,

the last one is a green  
The leading horse is white  
the second horse is red  
the third one is a black,  
the last one is a green
