

Still A Bitch

Lil' Troy

Bitch wanna die 'cause she know I caught her lyin'
I met her in a bar outside a little part of Texas
Never know she's sleepin' 'round on me
I found about it one night when we were sexin'
'Cause she accidentally called me Gee
Now you're lyin', fake cryin'
Wanna die 'cause you know you a tramp in my book
Misleadin', steady cheatin'
You run the street and you know you a bitch in my book
Now Lil' Jane, I guess that's what we'll call her
Had all the homies goin' crazy
Had to join a convent, wanted to be a baller
Now, the bitch fuck every guy she see
See you a slut and in the mud and
Havin' fun and you're still a bitch in my book
Trampin', soon you die bitch
And that's why you just a bitch in my book
Now I'm livin' lost, don't know where my next meal is
Had to try and find a way
'Cause you left the house and you took everythin' I deal with

Now bitch, I'm wonderin' where you stay
See you a die-hoe, I'll bravo
I'll kill you, still a bitch in my book
Loaded and smokin'
Now I'm blowin' 'cause you a bitch in my book
Just a bitch in my book
This hoe is a slut in my book
Just a tramp, I'm sick and tired of feedin' whores
Everytime I'm walkin' down the street
And I'm sick and tired of always seein' closed doors
Wanna slap every tramp I meet
See you started, then you parted
Now you bought in, still a tramp in my book
Low-life, do Snow White
Now you crow and you're still a bitch in my book
Know that, I go there
I'll beat you, you still a bitch in my book
Holdin, these
